

Technical Building Official Training Part 9 – National Building Code of Canada 2005 “Part 9 – Building Classification and Construction”

This is a five day training course that deals with aspects of building classification and construction requirements for Part 9 buildings and additional fire safety provisions. Topics include:

- Building Classification, Area and Height
- Separation of Major Occupancies and Fire Separations
 - Building Size and Construction
- Fire Resistance Ratings, Fire Stopping, Closures and Firewalls
 - Mezzanines and Interconnected Floor Spaces
 - Provisions for Fire Fighting

(Don't forget to bring your 2005 National Building Code!)

When: February 6th to 10th, 2012 (Monday to Friday).

Classes start at 8:00 am each day and end at 4:30. Lunches and coffee breaks are provided.

Where: Travelodge Saskatoon.

Hotel rooms can be booked at the Travelodge Saskatoon. Phone (306) 242-6137 to book your rooms.

Cost: \$500 due prior to the start of the course.

For further information or questions contact the SBOA Education Chairperson at (306) 787-0757.

Please register by January 4th, 2011.
